OFFICE OF

THE EXTRAORDINARY MEMBER OF COUNCIL.

MEMORANDUM.

I send herewith the D.O. letter No.C.22 dated 21st - February 1918 from the Senior Surgeon with a copy of the - memorandum submitted by him at my instance containing his proposals for the revision of the pay of matrons, midwives and compounders, with my marginal remarks thereon and also two statements A and B, one-showing the existing rates of - pay, those proposed by the Senior Surgeon and my own suggestions and the other-who has to pay how much of the additional cost. Further action needed in the matter may be taken.

Chief Secretary) 19.4.18

P.S. - The proposals of the Senior Surgeon regarding clerical and menial staff have since been received and they are also attached.

General and Revenue Secretariat.

Med File No. 99 of 1917

Serial No.

The available information has been worked up into a tabular ~~form~~ Statement. In all cases where a revision of establishment is involved it is usual to fall a proposition statement in the prescribed form from the Head of the Department thro the Comptroller

In the absence of such a Statement the proposals as tabulated have to be scrutinized by the Comptroller in respect of cost involved.

The additional cost to the medical Budget is roughly estimated at 1067 Rs a month while that debitable to the Local bodies will be about 1578 Rs & the balance of nearly 180 Rs a month will have to be borne by the P. W Military, Sanitary & Malaria Improvement funds.

As regards the Medl portion the Finance Dept has in another connection ~~suggested~~ stated that under the group 'Protection & Army' no funds are available for extra recurring expre.

In regard to extra cost to Local bodies it is a point for consideration whether they should not be ~~consulted~~ heard in the matter

The increased cost will be about 13000 Rs per annum.

No amount is available for expenditure in this direction in the Medical budget or grant budget. It is therefore for consideration whether the question may not be postponed

In connection with the revision of the scholarships it has been proposed that all med. scholarships may be debited to the Educational budget. If this is sanctioned, then some amount will be available and the present proposal may be considered.

OFFICE OF THE SENIOR SURGEON.
MYSORE GOVT.,

To

Bangalore, 21-2-1918

D. O. No. C. 22
Enc: 1

med 99-17

Dear Sir,

With reference to your D.O. letter No. 287, dated, 15th February 1918, I enclose a memo on the revision of the pay of Matrons, Midwives and Compounders of the Department.

Yours sincerely,

K. Mylar Rao Esq., B.A., B.L.,
Private Secretary to H.H. the Yuvaraja of Mysore &
Extra-ordinary Member of Council, Bangalore.

Memorandum.

The number of matrons at present employed in the Department and their pay are as noted below:-

	Pay.	Ration allce.	Clothing allce.	Total average
1.Victoria Hospital, Bangalore	75-5/2-100	20	2-8-0	110
2.Vani Vilas Hospital, Mysore	75			75
3.Maternity Hospital, Bangalore	60			60
4.General Hospital, Mysore	70-5/2-90	20	2-8-0	102½
	(Sanctioned for the new Hospital to be opened)			
5.Robertsonpet Civil Hospital	70			70
6.Robertsonpet Maternity	60			60
7.Lunatic Asylum, Bangalore	30			30
				507½

Having regard to the importance of the two institutions, the Victoria Hospital, Bangalore, and the General Hospital, Mysore, I would propose that the pay of the matrons thereof be fixed at Rs.150-10-250. This would be about the mean of the present rate of pay and that of Rs.200 to 300 proposed by the Senior Surgeon. The pay of the matrons of the other hospitals may, as proposed by the Senior Surgeon, be fixed at Rs.75-5/5-100. All of them may also be given a ration allowance of Rs.20 per mensem and a clothing allowance of Rs.2½ per mensem.

The Victoria Hospital ought to have a matron of superior qualifications and such a one, trained in England, is not likely to be had, even at normal times, on a pay less than Rs.200 rising to Rs.300. The present matron, however, possesses only the ordinary training in midwifery and sick-nursing obtained in the Maternity Hospital, Madras. No change of pay is at present necessary in her case. The pay of the - -

The existing matrons are to have the benefit of the revised scale of pay only if by merit and satisfactory work, they are found deserving of it.

	Present scale.	Proposed scale.
No.7	5,550	10,450

Ration & clothing allowances.

	Present cost.		Proposed cost
No.2	480	7	1,680
clothing.2	60	7	210

Additional cost per annum- 6,250.

The Senior Surgeon's proposal seems reasonable and may be sanctioned.

Matron, Lunatic Asylum, viz., Rs.30/- is too low to attract suitable candidates. To make the place more attractive and to remove the existing inequality in the pay of matrons in different institutions I would propose a uniform pay of Rs.75-5/5-100 to all the matrons. (average 87½ Rs.)

Again, excepting the matrons of the Victoria Hospital, Bangalore and the General Hospital, Mysore, the other matrons are not in receipt of ration and clothing allowances which concession is allowed to matrons in all Medical Institutions in India. To be in keeping with the practice prevailing all over India, I propose the grant of ration allowance of Rs.20 and clothing allowance of Rs.2-8-0 per month to each of the matrons of the five remaining institutions. The extra cost on account of pay and allowances to matrons, as above, will come to Rs.262½ a month or Rs.3,150 a year.

Nurses. The pay at present given to nurses, viz., Rs.45-5/3-60 does not seem to require any change as it compares favourably with what is prevailing in Madras.

Midwives. Our midwives receive their training in first class maternities in Bangalore, Mysore and Robertsonpet. But the present fixed pay of Rs.15 given to them is not enough to attract women of

literacy to accept appointments here and consequently there will always be a number (at present 20) of vacancies which it is difficult to fill. In Madras, midwives trained in the Madras Maternity or Sir S. Ramaswamy's Lying-in-Hospital, are employed on a pay of Rs.15-1-18 which after 5 years, will be further increased to Rs.18-1-25, so that a midwife, in the usual course, expects to reach the maximum pay of 25 after 12 years' service. To make our midwifery service sufficiently attractive, I propose the following scale of pay:-

Rs.15-5/5-25, (or,average Rs.20) against the present fixed pay of Rs.15. There are 148 midwives in the Department maintained from State, District and Municipal Funds, and the increase of cost at Rs.5 per midwife will be Rs.8,880 per annum.

3	State Medical Budget
5	P.W. Department
1	Military
2	Sanitary
9	Malnad Improvement Funds
128	District & Municipal Funds

Compounders. Our compounders at present start on Rs.8, which will be increased to Rs.10 and Rs.12 triennially, a further increase to Rs.15 being reached after 4 years' service on Rs.12. In no other Department of the State Service is the minimum pay of an appointment in the superior service less than Rs.10. Consequently candidates with a decent knowledge of English cannot be induced to accept a compounder's place. It is

There seems to be no reason why we should pay the compounders more than what they are paid in Madras. I would therefore modify the Senior Surgeon's proposal and fix their pay at Rs.10-2½/4-20.

Present cost-	23,046
Proposed "	26,302½
Additional "	3,256½

therefore necessary to better the pay and prospects of compounders here. The scale in force in Madras is-

Under 5 years'	service	...	Rs.12
" 10	"	"	...	14
" 15	"	"	...	17
Over 15	"	"	...	20.

For our local service I would suggest the following scale, to be given to only English-knowing compounders:-

First five years	Rs.10
6th to 10th year	13
11th to 15th year	16
16th to 20th year	20
Over 20 years	25

being an average of Rs.17½ against the present average of Rs.11½, or an increase of Rs.6 per month, per head. The total cost on account of 167 compounders (State District and Municipal Funds) per annum will be Rs.12,024.

21 State Medical Budget
8 P.W. Department
2 Sanitary "
2 Military "
1 Railway "
1 Palace Funds
6 Malnad Improvement Funds
126 District & Municipal Funds

The additional cost on account of the pay of midwives and compounders will, as stated by the Senior Surgeon, fall mostly on the shoulders of District Boards and Municipal Councils and their hands will in a way be forced if we raise the pay of those employed in Government institutions.

Should the Government be pleased to accept the necessity for raising the pay and improving the prospects of these classes of medical subordinates, with a view to attract the right sort of hands, it does not seem very necessary to consult the local bodies individually. When the pay of the hands in institutions maintained by State Funds is raised on general grounds, the several District and Municipal Boards may easily be induced to bring the scale of pay of the hands working in their institutions in a line with what is sanctioned by the Government generally.

(Signed) T.V. Armugam

OFFICE OF THE SENIOR SURGEON.
MYSORE GOVT.,

Bangalore, 3rd April 191

D. O. No. B. Dro 35/Ex 2

Dear Sir,

With reference to your D.O. No. 382, dated, 19th March 1918, and No. 421, dated, 2nd April 1918, I beg to propose the improvement of the pay of menials of Medical Institutions such as Dispensary Coolies and Waterman or Women. The times are very hard and it is very difficult to secure hands on a pay of anything less than Rs. 8/- a month, since even unskilled labor is worth annas 10 a day. In the case of Surgery Coolies or Dispensary Coolies I suggest a minimum pay of Rs 7 and for waterwomen, a minimum of Rs. 6 in Bangalore, Mysore and the Kolar Gold Fields and Rs. 5 in other places. A statement showing approximately the increase of cost involved is appended. A major portion of this will fall on the Local Boards concerned.

The District Medical Officers have now only one clerk each. Since this number was first fixed, the number of dispensaries under the Administrative control of these officers, has nearly doubled and the increase of work has been more than what a single clerk can be expected to cope with. Consequently there will always

be

be delay in the despatch of work. Moreover, the pay fixed for the hands, Rs. 15 in 5 cases, Rs. 20 in 2 cases and 25 Rs in 2 cases is too in-adequate to attract candidates possessing any literary qualification. I would therefore beg to propose a re-organization of the 9 District Medical Officers by giving to each of them two hands - ~~one~~, a head clerk on a pay of Rs. 25-1-35 and a second clerk on a pay of Rs. 20-1-25. This will involve an extra cost of Rs.3/3-12-0 per month.

Lastly, in my own office, there are 3 menials on Rs. 6/- while in most of the offices of the Heads of other Departments, the minimum pay of menials as recently sanctioned is Rs. 8/- vide Government Order No. Fl.4613-5 G.F.92-17-3, dated, 26th February 1918, for Comptroller's Office, where it is fixed at Rs. 8,9,10,11 and 12. Government Order No. G.6880-1-Mily159-16-6, dated, 24-11-1917 for the Chief Commandants Office, it is fixed at Rs. 8,9, and 12. The present menial establishment of my office is 1(10),2(8),3(7),3(6), costing Rs. 65. The scale may be raised to 1(12),2(10),3(9),3(8), involving an extra cost of Rs.18/- per month. A lumpsum extra grant of Rs. 60/- per month if kindly sanctioned, will enable me to give small increase of pay to my office clerks who have no chances of promotion in the office and have been drawing their

their present pay for more than 10 years past.

Yours sincerely,

K. Mylar Rao Esq., B.A., B.L.,

Private Secretary to H.H. Yuvaraja & Extra-
